Title of the Programme:	Add-on Course on “Adobe Photoshop”
Organizing Department:	Department of Computer Science and Computer Applications
Date of the Programme:	10th February 2025
Venue:	Computer Lab
Resource Person:	Mr. S. Rajasekaran, MCA, MBA Cloud Research and Development, Rasipuram
Patron:	Rev. Sr. Poorna Alphonsa
Chairperson:	Rev. Dr. Sr. Margaret Daisy

Objectives of the Programme

- To provide practical knowledge of **Adobe Photoshop**.
- To enhance students’ skills in digital image editing and graphic design.
- To familiarize participants with industry-relevant tools and techniques.
- To encourage creativity and employability among students.

Description of the Programme

The Department of Computer Science and Computer Applications organized an **Add-on Course on “Adobe Photoshop”** on **10th February 2025** in the **Computer Lab**. The session was handled by **Mr. S. Rajasekaran**, an expert from Cloud Research and Development, Rasipuram.

The programme commenced with a warm welcome to the dignitaries, including the **Patron**, Rev. Sr. Poorna Alphonsa, and the **Chairperson**, Rev. Dr. Sr. Margaret Daisy. The resource person delivered an insightful and hands-on training session covering fundamental and advanced features of Adobe Photoshop.

Key topics included

- Introduction to Photoshop interface
- Image correction and color adjustment
- Working with layers and masks
- Photo retouching techniques
- Typography and poster design
- Exporting designs for print and digital media

Students actively participated in the practical sessions and created sample designs under the guidance of the resource person. The interactive nature of the programme helped participants gain confidence in using Photoshop for academic and professional purposes.

Outcomes of the Programme

- Students acquired hands-on experience with Adobe Photoshop.
- Enhanced creativity and digital design skills.
- Improved understanding of image editing and visual communication.
- Increased awareness of career opportunities in graphic design and media.
- Participants developed the ability to create posters and digital content independently.

Feedback and Evaluation

Feedback collected from participants indicated a high level of satisfaction. Students appreciated the practical orientation and clarity of the resource person. Many expressed interest in attending more such skill-based add-on courses.

Conclusion

The **Add-on Course on Adobe Photoshop** was successfully conducted and achieved its intended objectives. The programme significantly contributed to skill enhancement and aligns with NAAC's quality initiatives in promoting value-added and skill-oriented education.

Title of the Programme:	BLITZ 2K25 – Interdepartmental Technical and Non-Technical Fest
Organizing Department:	Department of Computer Science and Commerce
Date of the Programme:	19th February 2025
Venue:	Bon Secours Arts and Science College for Women Campus
Nature of the Programme:	Technical and Non-Technical Student Fest

Objectives of the Programme

- To provide a platform for students to showcase their technical and creative talents.
- To enhance problem-solving, presentation, and teamwork skills.
- To foster innovation and interdisciplinary learning.
- To encourage extracurricular participation and holistic development.
- To promote leadership and organizational skills among students.

Description of the Programme

The **Department of Computer Science and Commerce** organized “**BLITZ 2K25**”, an interdepartmental technical and non-technical fest, on **19th February 2025** at the college campus. The event aimed to nurture students' intellectual, creative, and cultural talents by providing a dynamic platform for participation.

The programme witnessed enthusiastic participation from students across various departments. The fest was structured into two main categories: **Technical Events** and **Non-Technical Events**, ensuring opportunities for students with diverse interests and skills.

Technical Events

1. **Paper Presentation (PPT)** – Participants presented innovative ideas and research topics using multimedia tools.
2. **Debugging** – Tested students' programming and analytical skills by identifying and correcting errors in code.
3. **Logo Creation** – Encouraged creativity and design thinking through digital logo design.
4. **Connection** – A technical quiz/event designed to assess logical reasoning and subject knowledge.

Non-Technical Events

1. **Group Dancing** – Showcased teamwork and cultural expression.
2. **Mime** – Enabled students to convey social messages through silent performance.
3. **Ad-Zap** – Encouraged marketing and communication skills through advertisement enactments.

BON SECOURS ARTS & SCIENCE COLLEGE FOR WOMEN
Affiliated to Periyar University, Salem.
Gopalapuram, Sowthapuram(Po), Namakkal (Dt),
Tamil Nadu – 638 008.

4. **Variety Entertainment** – Provided a platform for diverse talents such as singing, stand-up comedy, and instrumental performances.

The event was conducted smoothly with the support of faculty members and student volunteers. Judges evaluated the participants based on creativity, presentation, technical knowledge, and overall performance. Winners were awarded certificates and prizes during the valedictory session.

Registration Details

- **Registration Fee:** ₹150 per student

Target Audience

- Undergraduate and postgraduate students of the institution.

Outcomes of the Programme

- Enhanced students' technical and analytical skills.
- Improved creativity, communication, and teamwork.
- Fostered confidence and stage presence among participants.
- Encouraged interdisciplinary collaboration.
- Provided experiential learning beyond the classroom.
- Strengthened organizational and leadership abilities of student volunteers.

Conclusion

The **BLITZ 2K25** fest was successfully organized by the Department of Computer Science and Commerce. The event provided a vibrant platform for students to demonstrate their technical expertise and creative talents. It significantly contributed to the holistic development of students and aligned with the quality enhancement initiatives of NAAC.

Title of the Programme: **Seminar on “Life Skill Development Program – E-Sevai”**

Date: **7th February 2025**

Venue: **Seminar Hall,**

Organizing Department: **Department of Computer Science & Computer Applications**

Resource Person: **Dr. A. Vedha**
Head of the Department of Chemistry
Bon Secours Arts and Science College for Women,
Veppadai

Objectives of the Programme:

- To create awareness about life skills among students.
- To introduce students to the **E-Sevai** (e-Governance) services.
- To educate students on uploading and accessing government certificates.
- To clarify issues related to **Aadhaar** and other essential documents.
- To promote digital literacy and community service.

Programme Description

The Department of Computer Science and Computer Applications organized a seminar titled **“Life Skill Development Program – E-Sevai”** on **7th February 2025** at the Seminar Hall of Bon Secours Arts and Science College for Women, Veppadai.

The session was handled by **Dr. A. Vedha**, Head of the Department of Chemistry. The resource person provided an insightful explanation of various **E-Sevai services**, including the procedures for uploading and downloading essential government certificates such as community, income, and nativity certificates with minimal cost and effort.

The speaker also addressed common **Aadhaar-related issues** faced by the public and demonstrated practical solutions. The seminar was highly interactive, enabling students to clarify their doubts and understand the real-time applications of digital governance services.

Learning Outcomes

- Students gained practical knowledge of E-Sevai services.
- Enhanced awareness of digital documentation and government procedures.
- Improved understanding of Aadhaar-related problem-solving.
- Development of life skills such as digital literacy and community engagement.

GUEST LECTURE

on

“Android Application Development”

 Date: 21 January 2025 |

 Time: 10:30 AM |

 Venue: Seminar Hall

Resource Person

Mr. M. Mohan, M.Phil.,

Swamy Vivekanandha College of Pharmacy for Women,
Tiruchengode.

About the Session

This session aims to provide valuable insights into Android
application development using Kotlin and Android Studio,
enabling students to enhance their technical and career-
oriented skills.

We solicit your gracious presence to make this event a grand success.

BON SECOURS ARTS & SCIENCE COLLEGE FOR WOMEN

Title of the Programme:	Guest Lecture on “Android Application Development”
Organizing Department:	Department of Computer Science and Computer Applications
Date and Venue:	Date: 21 January 2025 & Seminar Hall
Resource Person:	Mr. M. Mohan, M.Phil., Swamy Vivekanandha College of Pharmacy for Women, Tiruchengode.

Objective of the Programme

The primary objective of the guest lecture was to provide students with foundational knowledge of Android application development and to familiarize them with modern tools and technologies used in mobile app creation. The session aimed to enhance students' technical skills and encourage innovation in mobile computing.

About the Programme

The Department of Computer Science and Computer Applications organized a guest lecture for students on **21 January 2025**. The session was delivered by **Mr. M. Mohan**, who shared his expertise in Android application development.

During the lecture, the resource person introduced students to the **Android Operating System** and explained the process of developing mobile applications using the recommended programming language **Kotlin** and the **Android Studio IDE**. The session also included practical insights into designing user interfaces, enabling students to understand how to create and manage application layouts effectively.

The lecture was highly interactive, allowing students to clarify their doubts and gain hands-on conceptual knowledge. The programme significantly enhanced students' understanding of mobile application development and motivated them to explore career opportunities in this field.

Learning Outcomes

- Understanding of the Android Operating System architecture.
- Familiarity with **Kotlin** as the preferred programming language.
- Knowledge of **Android Studio IDE** for application development.
- Ability to design basic user interface layouts.
- Awareness of career opportunities in mobile application development.

Conclusion

The guest lecture was a successful academic initiative that enriched students' technical knowledge and practical skills in Android application development. The Department extends its sincere gratitude to the resource person and the management for their support in organizing the event.

Title of the Programme:	Webinar on “Placement Skills”
Organizing Department:	Department of Computer Science and Computer Applications
Date of the Programme:	15 January 2025
Venue:	Online (Webinar)
Resource Person:	Ms. Isabella Mercy HR, Digital IT Solutions, Chennai

Objectives of the Programme

- To enhance students’ employability skills.
- To provide guidance on preparing for campus placements.
- To develop both technical (hard) and interpersonal (soft) skills.
- To improve students’ critical thinking and teamwork abilities.
- To familiarize students with interview processes and workplace expectations.

Description of the Programme

The Department of Computer Science and Computer Applications organized a one-day webinar on “**Placement Skills**” on **15 January 2025**. The session was delivered by **Ms. Isabella Mercy**, HR at Digital IT Solutions, Chennai.

The resource person provided valuable insights into the essential competencies required for successful placement. She emphasized the importance of **hard technical skills, soft skills, critical thinking, and teamwork**. The session also covered effective strategies for resume preparation, aptitude tests, group discussions, and personal interviews.

Students actively participated in the interactive session and gained practical knowledge on how to navigate the recruitment process and perform effectively in their future professional roles. The webinar proved to be highly beneficial in boosting students’ confidence and readiness for campus placements.

Outcome of the Programme

- Students developed awareness of industry expectations.
- Enhanced understanding of technical and soft skills required for employment.
- Improved confidence in attending interviews and group discussions.
- Better preparedness for campus recruitment drives.

Conclusion:

The webinar on “*Placement Skills*” was a successful initiative that equipped students with essential technical and interpersonal skills required for campus placements. The expert guidance of Ms. Isabella Mercy enhanced students’ confidence and preparedness for the recruitment process, making the programme a valuable contribution to their career development and aligning with NAAC quality initiatives.

Title of the Programme:	Intra Titan
Organizing Department:	Department of Computer Science and Computer Applications
Date of the Programme:	24 July 2024
Venue:	College campus
Chief Guest:	Dr. Margaret Daisy

Objective of the Programme

The objective of the **Intra Titan** programme was to provide a platform for non-IT students to explore and showcase their creativity and technical skills in various IT-related domains. The event aimed to enhance digital literacy, encourage innovation, and promote interdisciplinary learning among students.

Description of the Programme

The Department of Computer Science and Computer Applications organized the “**Intra Titan**” event on **24 July 2024** to identify and nurture the hidden talents of non-IT students. The programme was inaugurated in the presence of the **Chief Guest, Dr. Margaret Daisy**, who emphasized the importance of digital skills in today’s technology-driven world.

The event featured a variety of competitions designed to engage students and enhance their technical and creative abilities. The competitions included:

- **Logo Creation**
- **Memes Creation**
- **Video Creation**
- **Poster Making**
- **Word Surf**

Participants enthusiastically showcased their unique ideas and creativity, effectively applying IT techniques learned during the programme. The event fostered innovation, teamwork, and confidence among the students.

Outcomes of the Programme

- Enhanced digital and creative skills among non-IT students.
- Encouraged interdisciplinary participation in IT-related activities.
- Improved students’ confidence and presentation abilities.
- Promoted awareness of the importance of technology in various fields.
- Fostered creativity and innovation.

Awards and Recognition

Winners and runners-up of each competition were recognized and awarded prizes. Participation certificates were distributed to all the competitors in appreciation of their active involvement.

Conclusion

The **Intra Titan** programme was a significant initiative by the Department of Computer Science and Computer Applications to empower non-IT students with essential digital and creative competencies. The event was successfully conducted and achieved its intended objectives, leaving a lasting impact on the participants.
