Title of the Programme:

**Webinar on “*Cyber Threats in Current Scenario*”**

Date:

**02.08.2021**

Resource Person:

**Dr. V. Jude Nirmal**

Organized by:

**Department of Computer Science and Computer Applications**

Objective of the Programme:

The objective of the webinar was to create awareness among students about various cyber threats in the current digital world and to educate them on preventive measures and safe online practices.

Programme Description:

The Department of Computer Science and Computer Applications organized a one-day National Level Webinar on “*Cyber Threats in Current Scenario*” on 02 August 2021.

The session was handled by Dr. V. Jude Nirmal, who provided valuable insights into the increasing cyber risks, types of cyber attacks, and methods to safeguard personal and organizational data.

Nearly 500 students from various colleges across Tamil Nadu attended the webinar. Faculty members from different institutions also participated in the programme. The session was highly informative and interactive, helping participants understand real-world cyber security challenges.

Outcome of the Programme:

- Participants gained knowledge about cyber threats and security measures
- Awareness on safe internet practices was improved
- Understanding of current cybercrime trends was enhanced

Conclusion:

The webinar was successfully conducted with active participation. It effectively enhanced awareness about cyber security among students and faculty members. E-certificates were distributed to all participants.
